The USAWOA Scholarship Selection Committee meet on 27 June 2009 at USAWOA Headquarters to evaluate the applications received for the 2009 – 2010 school year awards. The committee composed of CW4 (Ret) Bill Buss, CW4 Jack DuTeil, CW2 Charles A. Conaway, and CW2 Luis P. Silva worked diligently to review and evaluate the packages. The USAWOASF is proud to announce the winners for this year's awards.

This award was approved by the USAWOASF Board of Directors, as an exception to policy, after her records had competed with all other applications for a scholarship and she had finished with a high evaluation rating.

The foundation wishes to thank all applicants for their efforts as well as all donors for their contribution and support. We wish we could award more scholarships but we must live within the funds donated to the USAWOASF.
